INDUSTRIAL ROBOT

DECISION ON RENEWED

REQUEST TO CORRECT

INVENTORSHIP (37 CFR 1.497(d))

In a decision mailed by this Office on 25 May 2005, applicants' request to correct inventorship was dismissed without prejudice for failure to satisfy all the requirements of 37 CFR 1.497(d). Specifically, applicants had not provided a copy of the assignment, as required to confirm the consent of the assignee to the correction of inventorship. In addition, the 25 May 2005 decision noted that the declaration materials filed by applicants were not in an acceptable form.

On 14 June 2005, applicants filed the renewed request under 37 CFR 1.497(d) considered herein. The submission included a copy of the assignment and complete copies of the executed declaration. Accordingly, applicants have now satisfied the requirements to correct the inventorship herein.

Applicants' request to correct inventorship under 37 CFR 1.497(d) is GRANTED.

The inventorship herein is corrected to the extent that Daniel WAPPLING is removed as an inventor of record and Hans SKUTBERG is added as an inventor of record.

The declarations filed 14 June 2005 are accepted in compliance with 37 CFR 1.497.

This application is being forwarded to the National Stage Processing Branch of the Office Of PCT Operations for further processing in accordance with this decision. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 14 June 2005.
